

Pastor Rick's message today was about having an awesome marriage. There are so many ingredients that go into a healthy marriage. It was mentioned that marriage takes a great deal of the following:

- work
- sacrifice
- submitting to God
- loving one another

Look at each of the above and make a list of what they entail. Of the ones mentioned above, which have been the most difficult for you to accomplish? What has stood in the way of you being able to have success in this area?

One way to have success in a marriage is to decide what you would prefer for your marriage relationship to look like. Then be sure it aligns with what God's word says. If it aligns, begin to work towards that preferred relationship. It will take a lot of work, sacrifice, submitting to God and loving each other, but the end result will be well worth the investment.

Take some time and read the following scriptures:
