

Our finances were tight as Christmas drew near. My wife and I had one part-time job between us. Income wasn't sufficient for the bills and our insurance payment of \$97 was due.

God answered our prayer, and from an unsuspecting couple. The husband later told me that they had a strong feeling that we needed that exact amount. Little did they know why — until I told him. We received our Christmas miracle.

What's little to some is much to others, and miracles often come from unexpected sources. Maybe you will be that unexpected source to fulfill a miracle for someone.

The world's predicament in Jesus' time wasn't much different than ours — broke, in need of immediate attention, and seemingly beyond repair — until God stepped in with some miracles: allowing His Son to take on human flesh, and engineering His sinless birth through a virgin.

Jesus began earthly life as a baby, but His contribution was more than anyone could imagine, for later, He accepted the penalty for the world's sins on Calvary's cross.

God has a habit of throwing in a miracle at our last minutes: when we've exhausted all means of fixing our dilemmas, when the nights are darkest, and we can't imagine facing another day. And when He does, it's always exactly what's needed.

Let's each of us ask God to use us to be someone's Christmas Miracle.

Pastor Larry Kennedy

Ephesians 2:10 *For we are God's workmanship, created in Christ Jesus for good works, which God prepared beforehand that we should walk in them.*

Merriam Webster defines miracle as: an extraordinary event manifesting divine intervention in human affairs.

Our miracle:

1. Wonderful Counselor - [incomprehensible, Wise King](#)
2. Mighty God- [Strong and Mighty Warrior](#)
3. Everlasting Father - [Our Eternal Father](#)
4. Prince of Peace - Ruler of [completeness](#), soundness and [peace](#) _____

Be a [miracle for someone](#).

Realize that [God](#) may use me to be the [miracle](#) someone is praying for.

God wants to use all of us to fulfill His plan of redemption and provision.
